PHILIPS

Compact Care Hair dryer
1100W 3 flexible speed settings

HP8112/03

Highlights

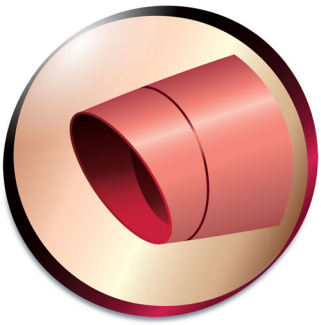
3 flexible speed settings

This compact hair dryer offers you 3 pre-selected heat & speed combinations for an easy, quick and caring blow dry.

Cold air setting

A cold air setting is a low heat setting that gently dries the hair to minimize damage. This function is suitable for all hair types, but especially for fine, dry or damaged hair. It is a perfect setting for the hot summer season!

Concentrator



The concentrator works by focusing the flow of air through the opening onto specific areas. This results in a more precise styling and quick drying.

Easy storage hook

The rubberised hook is located at the base of the handle and provides another storage option, particularly convenient for use in the home or when staying at a hotel.

1100W

This 1100W hairdryer creates the optimum level of airflow and gentle drying power, for beautiful results every day.

Compact design

Compact and ergonomic, this hairdryer benefits from a clever modern design. This results in a dryer that is light and easy to handle yet small enough to store virtually anywhere.
